Qualifier- SPS 305 Licensing Quiz-Dwelling Contractor Qualifier

Instructions:

1. Print these pages…..all reference materials are included.
2. Review and answer the simple questions in each **mini section**.
3. Circle the correct answers and transfer them to the answer sheets below.
4. Page down to the last page for the verification forms, answer sheets and mailing instructions.

This 6 hour course is approved for each of the following: **Fees: $50**

1. Dwelling Contractor Qualifier Certification
2. UDC Construction Inspector
3. Initial Qualifier-Dwelling Contractor Qualifier Certification (part 1 or half of this course)
4. Manufactured Home Installer

SPS 305-Use definitions to answer questions 1-21 below

SPS 305.003 Definitions. In this chapter:

(1) "Approved" means accepted by the department.
(2) "ASME" means American society of mechanical engineers.
(3) "Automatic fire sprinkler contractor" has the meaning specified under s. 145.01 (1), Stats.

Note: Under section 145.01 (1), Stats., "automatic fire sprinkler contractor" means any individual, firm or corporation who has paid the annual license fee and obtained a license to conduct a business in the design, installation, maintenance or repair of automatic fire sprinkler systems.

(4) "Automatic fire sprinkler system" has the meaning specified under s. 145.01 (2), Stats.

Note: Under s. 145.01 (2), Stats., "automatic fire sprinkler system", for fire protection purposes, means an integrated system of underground and overhead piping designed in accordance with fire protection engineering standards. The system includes a suitable water supply, such as a gravity tank, fire pump, reservoir or pressure tank or connection beginning at the supply side of an approved gate valve located at or near the property line where the pipe or piping system provides water used exclusively for fire protection and related appurtenances and to standpipes connected to automatic sprinkler systems. The portion of the sprinkler system above ground is a network of specially sized or hydraulically designed piping installed in a building, structure or area, generally overhead, and to which sprinklers are connected in a systematic pattern. The system includes a controlling valve and a device for actuating an alarm when the system is in operation. The system is usually activated by heat from a fire and discharges water over the fire area.

(5) "Automatic fire sprinkler system apprentice" has the meaning specified under s. 145.01 (3), Stats.

Note: Under s. 145.01 (3), Stats., "automatic fire sprinkler system apprentice" means any person other than an automatic fire sprinkler system contractor or a journeyman automatic fire sprinkler system fitter who is engaged in learning and assisting in the installation of automatic fire sprinkler systems and who is indentured under ch. 106, Stats.

(6) "Blasting" means any method of loosening, moving or shattering masses of solid matter by use of an explosive.
(7) "Blasting operation" means any enterprise or activity involving blasting.
(8) "Branch" means an office, other than the main business office, involved in the sales of manufactured homes that advertises as a sales location, displays new or used homes, takes sales calls, is staffed by licensed salespersons, has signage of a licensed dealer, and accepts offers or contracts on manufactured homes.
(9) "Broker" means a manufactured home dealer who has no sales lot, no inventory and no ownership interest in the manufactured homes being sold.
(10) "Building permit" means an official document or certificate granting permission to perform construction or erosion control work, except for electrical, plumbing or HVAC, on a one- or 2-family dwelling.
(11) "Business establishment" means any industrial or commercial organization or enterprise, including but not limited to a proprietorship, partnership, firm, business trust, joint venture, syndicate, corporation or association.
(12) "Cash price" means the manufactured home dealer asking price including dealer installed options and accessories and additional dealer mark-up, profit and transportation charges, minus the dollar value of cash discounts.

(13) "Cathodic protection tester" means a person who demonstrates an understanding of the principles and measurements of all common types of cathodic protection systems as applied to buried or submerged metal piping systems and metal tanks.

(14) "Conflict of interest" means a certified inspector inspecting work in which the inspector or the inspector's employer, other than the state or a municipality, has participated or has a monetary or personal interest.

(15) "Conveyance" means the following types of devices, examples: Dumbwaiter, Elevator, Escalator, Freight elevator.

(16) "Corrosion expert" means a person who is qualified to engage in the practice of corrosion control on buried or submerged metal piping systems and metal tanks by reason of thorough knowledge of the physical sciences and the principles of engineering and mathematics acquired by a professional education and related practical experience.

(17) "Damage" means defects caused by reasons other than normal wear through home age and usage.

(18) "Department" means the department of safety and professional services.

(19) "Direct supervision" means to assume the responsibility of an activity of others and its results by providing oversight and guidance at the site where the activity is being conducted.

(20) "Dwelling contractor" means any person, firm or corporation engaged in the business of performing construction or erosion control work on a one- or 2- family dwelling.

Note: Pursuant to s. 101.654 (1) (b), Stats., "dwelling contractor" does not include an owner of a dwelling who resides or will reside in the dwelling.

1._____ means the manufactured home dealer asking price including dealer installed options and accessories and additional dealer mark-up, profit and transportation charges, minus the dollar value of cash discounts.

a. Broker
b. Building permit
c. Business establishment
d. Cash price

2. _____ means any industrial or commercial organization or enterprise, including but not limited to a proprietorship, partnership, firm, business trust, joint venture, syndicate, corporation or association.

10. _____ means to assume the responsibility of an activity of others and its results by providing oversight and guidance at the site where the activity is being conducted.
a. Dwelling contractor
b. Direct supervision
c. Department
d. Damage
11. _____ means the department of safety and professional services.
a. Dwelling contractor
b. Direct supervision
c. Department
d. Damage
12. _____ means defects caused by reasons other than normal wear through home age and usage.
a. Dwelling contractor
b. Direct supervision
c. Department
d. Damage
13. “dwelling contractor" does not include an owner of a dwelling who _____.
a. is residing in the dwelling
b. will reside in the dwelling
c. is flipping houses without the correct certifications or licenses
d. all of the above
14. _____ means an office, other than the main business office, involved in the sales of manufactured homes that advertises as a sales location, displays new or used homes, takes sales calls, is staffed by licensed salespersons, has signage of a licensed dealer, and accepts offers or contracts on manufactured homes.

a. Branch
b. Blasting operation
c. Blasting
d. Approved

15. _____ means any enterprise or activity involving blasting.
a. Branch
b. Blasting operation
c. Blasting
d. Approved

16. _____ means any method of loosening, moving or shattering masses of solid matter by use of an explosive.
a. Branch
b. Blasting operation
c. Blasting

SPS 305-Use definitions to answer questions 22-42 below

(21) "Electrical construction" means the installation of electrical wiring. "Electrical construction" does not include the maintenance, repair or fabrication of electrical equipment or the installation of electrical wiring and equipment covered by ch. PSC 114.

(22) "Electrical wiring" has the meaning given in s. 101.80 (1m), Stats.

Note: Under s. 101.80 (1m), Stats., "electrical wiring" means all equipment, wiring, material, fittings, devices, appliances, fixtures, and apparatus used for the production, modification, regulation, control, distribution, utilization, or safeguarding of electrical energy for mechanical, chemical, cosmetic, heating, lighting, or similar purposes, as specified under the state electrical wiring code. "Electrical wiring" does not include the equipment, wiring, material, fittings, devices, appliances, fixtures, and apparatus used by a public utility, an electric cooperative, or a wholesale merchant operator for the purpose of generating, transmitting, distributing, or controlling heat, light, power, or natural gas to its customers or members.

(23) "Financial statement" means a balance sheet showing assets, liabilities and net worth.

(24) "Fireworks" has the meaning specified under s. 167.10 (1), Stats.

Note: Under s. 167.10 (1), Stats., "fireworks" means anything manufactured, processed or packaged for exploding, emitting sparks or combustion which does not have another common use, but does not include any of the following:

(a) Fuel or a lubricant.
(b) A firearm cartridge or shotgun shell.
(c) A flare used or possessed or sold for use as a signal in an emergency or in the operation of a railway, aircraft, watercraft or motor vehicle.
(d) A match, cigarette lighter, stove, furnace, candle, lantern or space heater.
(e) A cap containing not more than one-quarter grain of explosive mixture, if the cap is used or possessed or sold for use in a device which prevents direct bodily contact with a cap when it is in place for explosion.
(f) A toy snake which contains no mercury.
(g) A model rocket engine.
(h) Tobacco and a tobacco product.
(i) A sparkler on a wire or wood stick not exceeding 36 inches in length that is designed to produce audible or visible effects or to produce audible and visible effects.
(j) A device designed to spray out paper confetti or streamers and which contains less than one-quarter grain of explosive mixture.
(k) A fuseless device that is designed to produce audible or visible effects or audible and visible effects, and that contains less than one-quarter grain of explosive mixture.
(L) A device that is designed primarily to burn pyrotechnic smoke-producing mixtures, at a controlled rate, and that produces audible or visible effects, or audible and visible effects.
(m) A cylindrical fountain that consists of one or more tubes and that is classified by the federal department of transportation as a Division 1.4 explosive, as defined in 49 CFR 173.50.
(n) A cone fountain that is classified by the federal department of transportation as a Division 1.4 explosive, as defined in 49 CFR 173.50.

(25) "General supervision" means to assume the responsibility of an activity of others and its results without being present at the site where the activity is being conducted.

(26) "HVAC" means heating, ventilating and air conditioning.

(27) "HVAC equipment" means materials, piping, fittings, devices, appliances, apparatus, controls and control wiring used as part of or in connection with permanent heating, ventilating, air conditioning or exhausting systems serving buildings. HVAC equipment does not include residential bathroom fans and kitchen hoods, water heaters, process heating equipment, and space heaters such as masonry fireplaces and chimneys, factory-built fireplaces and venting systems, decorative gas fireplaces, and wood-burning stoves.

(28) "Incompetence" means conduct which evidences a lack of competence or ability to discharge the duty required to protect the health, safety and welfare of the public, lack of knowledge of the fundamental principles of a particular trade or practice, or an inability to apply those principles, or failure to maintain competency in the current practices and methods applicable to the activity and the state statutes and rules governing the activity.

(29) "Journeyman automatic fire sprinkler fitter" has the meaning specified under s. 145.01 (6), Stats.

Note: Under s. 145.01 (6), Stats., "journeyman automatic fire sprinkler fitter" means any person other than an automatic fire sprinkler contractor who is engaged in the practical installation of automatic fire sprinkler systems.

(30) "Journeyman plumber" has the meaning specified under s. 145.01 (7), Stats.

Note: Under s. 145.01 (7), Stats., "journeyman plumber" means any person other than a master plumber, who is engaged in the practical installation of plumbing.

(31) "Journeyman plumber-restricted" means a person licensed under s. 145.14, Stats.

(32) "Licensee" means any manufactured home dealer or manufactured home salesperson or any person who is both a manufactured home dealer and a manufactured home salesperson.

(33) "Lift" means a conveyance device covered under the scope of American Society of Mechanical Engineers (ASME) A18.1a – Safety Standard for Platform Lifts and Stairway Chairlifts.

(34) "Liquefied petroleum gas" has the meaning specified under s. 101.16 (1) (b), Stats.

Note: Section 101.16 (1) (b), Stats., reads: " `Liquefied petroleum gas' means any material which is composed predominantly of, or any mixtures of, any of the following hydrocarbons including their isomers:

1. Propane.
2. Propylene.
3. Butane.
4. Butylene.

(35) "Listed device" has the meaning specified under s. 167.10 (1) (e), (f) and (i) to (n), Stats.

Note: See the note after the definition of "fireworks", sub. (18), for the statutory language of s. 167.10 (1) (e), (f) and (i) to (n).

(36) "Main business office" means an office involved in the sales of manufactured homes that is the primary management location of the licensed manufactured home dealer.

(37) "Manufactured home" has the meaning given in s. 101.91 (2), Stats.

Note: Under s. 101.91 (2), Stats., "manufactured home" means any of the following:

(am) A structure that is designed to be used as a dwelling with or without a permanent foundation and that is certified by the federal department of housing and urban development as complying with the standards established under 42 USC 5401 to 5425.

(c) A mobile home, unless a mobile home is specifically excluded under the applicable statute.

(38) "Manufactured home dealer" has the meaning given in s. 101.91 (3), Stats., except for a person who sells no more than one new or used manufactured home in any one calendar year.

Note: Under s. 101.91 (3), Stats., "manufactured home dealer" means a person who, for a commission or other thing of value, sells, exchanges, buys or rents, or offers or attempts to negotiate a sale or exchange of an interest in, manufactured homes or who is engaged wholly or partially in the business of selling manufactured homes, whether or not the manufactured homes are owned by the person, but does not include:

Note: Under s. 145.01 (8), Stats., “master plumber" means any person skilled in the planning, superintending and the practical installation of plumbing and familiar with the laws, rules and regulations governing the same.

(42) “Master plumber-restricted" means any person licensed as a master plumber (restricted) 145.14.

(43) “Misconduct" means an act performed by an individual relating to the responsibilities or duties for which the individual has been licensed, registered or certified that jeopardizes the interests of the public, including violation of federal or state laws, local ordinances or administrative rules; preparation of deficient or falsified reports; failure to submit information or reports required by law or contract when requested by the municipality or the department; conduct which evidences a lack of trustworthiness; misrepresentation of qualifications such as education, experience or certification; illegal entry of premises; misuse of funds; or misrepresentation of authority.

(44) “Multipurpose piping system" means a type of water distribution system conveying potable water to plumbing fixtures and appliances and automatic fire sprinklers with the intention of serving both domestic water needs and fire protection needs within a one- or 2-family dwelling or manufactured dwelling.

(45) “Municipality" means a city, village, town or county.

(46) “Negligence" means the failure to exercise the degree of care and judgment to protect public health and safety normally expected of an individual performing activities within the scope of a license, certification or registration category.

(47) “Net worth" means the difference between the asset and liability values on a financial statement. Negative net worth is the excess of liabilities over assets.

(48) “New manufactured home" has the meaning given in s. 101.91 (11), Stats.

Note: Under s. 101.91 (11), Stats., “new manufactured home" means a manufactured home that has never been occupied, used or sold for personal or business use.

(49) “Non-broker" means a manufactured home dealer who has a sales lot, inventory or ownership interest in the manufactured homes being sold.

(50) “PECFA" means petroleum environmental cleanup fund award, as established in s. 292.63, Stats.

Note: Authority over sub. (50) was transferred to the Department of Natural Resources (DNR) by 2013 Wis. Act 20, s. 9138 (7) (f). Sub. (50) is subject to future rulemaking by DNR. See also ss. SPS 305.80 and 305.81 and ch. NR 747.

(51) “Personnel hoist" has the meaning as given in s. 101.981 (1) (h), Stats.

Note: Section 101.981 (1) (h), Stats., reads: “Personnel hoist" means a hoist that is installed inside or outside a building or structure during the construction, alteration, or demolition of the building or structure and that is used to raise and lower workers, other personnel, and materials which the hoist is designed to carry.

(52) “Pipelayer" has the meaning the department shall approve the registration of any person as a pipelayer if the person is employed by a utility contractor and if the person is engaged in the practical installation, within public or private premises, of piping which conveys sewage, rain water or other liquid wastes to a legal point of disposal or engages in the practical installation of water service piping from the street main to the immediate inside building perimeter.

(53) “Plumbing" has the meaning specified under s. 145.01 (10), Stats.

Note: Section 145.01 (10), Stats., reads:

(10) PLUMBING. (a) “Plumbing" means:

1. All piping, fixtures, appliances, equipment, devices, and appurtenances in connection with water supply systems, water distribution systems, wastewater drainage systems, reclaimed water systems, and stormwater use systems, including hot water storage tanks, water treatment devices, and water heaters connected with these systems and also includes the installation thereof.
2. The construction, connection, installation, service, or repair of any drain or wastewater piping system that connects to the mains or other terminal within the bounds of, or beneath an area subject to easement for highway purposes, including private sewage systems and stormwater treatment and dispersal systems, and the alteration of any such systems, drains or wastewater piping.
3. The construction, connection, installation, service, or repair of water service piping that connects to the main or other water utility service terminal within the bounds of, or beneath an area subject to easement for highway purposes and its connections.
4. The water pressure system other than municipal systems as provided in ch. 281.
5. A plumbing and drainage system so designed and vent piping so installed as to keep the air within the system in free circulation and movement; to prevent with a margin of safety unequal air pressures of such force as might blow, siphon or affect trap seals, or retard the discharge from plumbing fixtures, or permit sewer air to escape into the building; to prohibit cross-connection, contamination or pollution of the water supply and distribution systems; and to provide an adequate supply of water to properly serve, cleanse and operate all fixtures, equipment, appurtenances and appliances served by the plumbing system.

(br) "Plumbing" does not include any of the following:

1. A rainwater gutter or downspout down to the point that it discharges into a plumbing system, a subsoil drain, or a foundation drain.

2g. A process water reuse system if the process water reuse system is not connected to any plumbing fixture or appliance.

2m. A stormwater culvert under a roadway or walkway that is placed there only to equalize the water level from one end of the culvert to the other end.

3. The practical installation of process piping within a sewage disposal plant.

(54) "Plumbing appliance" means any one of a class of plumbing devices which is intended to perform a special function. The operation or control of the appliance may be dependent upon one or more energized components, such as motors, controls, heating elements, or pressure or temperature sensing elements. The devices may be manually adjusted or controlled by the user or operator, or may operate automatically through one or more of the following actions: a time cycle, a temperature range, a pressure range, a measured volume or weight.

(55) "Plumbing apprentice" has the meaning specified under s. 145.01 (11), Stats.

Note: Under s. 145.01 (11), Stats., "plumbing apprentice" means any person other than a journeyman or master plumber who is engaged in learning and assisting in the installation of plumbing and drainage.

SPS 305.10 Denial, suspension and revocation.

(1) Except as provided in sub. (2) pertaining to licenses or registrations for master plumbers, journeyman plumbers, cross connection control testers and utility contractors, the department may deny, suspend or revoke a license, certification, registration, or enrollment under this chapter in accordance with the following provisions:

(a) *Reasons.* The department may deny, suspend, or revoke a license, certification, registration, or enrollment under this chapter if the department determines that an applicant or holder of the license, certification, registration, or enrollment is responsible for any of the following:

1. Fails to meet the qualifications for the license, certification, registration, or enrollment.

2. Has obtained the license, certification, registration, or enrollment through fraud or deceit.

3. Has demonstrated negligence or incompetence in fulfilling the responsibilities or obligations of the license, certification, registration, or enrollment.

4. Has a conflict of interest in fulfilling the responsibilities or obligations under the license, certification, registration, or enrollment.

5. Has demonstrated misconduct in fulfilling the responsibilities or obligations under the license, certification, registration, or enrollment.

6. Has been arrested or convicted for a crime substantially related to the license, certification, registration, or enrollment.

7. Has a physical or mental impairment which prevents the applicant or holder from fulfilling the responsibilities or obligations under the license, certification, registration, or enrollment.

8. Has violated state, federal, or local laws or regulations relating to the conduct of the activities under the license, certification, registration, or enrollment.

9. Has been certified by the department of revenue under s. 73.0301, Stats., to be liable for taxes.

10. Has been delinquent in making court-ordered payments relating to the support of a child or former spouse pursuant to s. 101.022, Stats.

11. Has failed to comply with a subpoena or warrant issued by the department of workforce development or a county child support agency relating to paternity or child support proceedings pursuant to s. 101.022, Stats.

12. If registered or certified under ss. SPS 305.80 to 305.81, has performed any of the following:

a. Intentionally shifted costs, for the purpose of making ineligible costs appear to be eligible.

b. Intentionally billed for activities not undertaken at a specific cleanup site.

c. Rebated the deductible or structured a claim to provide a responsible party with a rebate or reimbursement of the deductible.

d. Intentionally submitted invoices or bills containing fraud, or submitted claims that were incomplete or contained fraud.

e. Conducted unnecessary, ineffective or incomplete remedial activities or services.

f. Attempted to defraud, including but not limited to false or double billing of clients for work conducted.

g. Charged a fee that the department determined was excessive, after written notice from the department that the fee was excessive and should not have been charged.

h. Exhibited a pattern of attempting and failing to complete remediations of PECFA sites.

i. Performed activities that result in both exceeding a cost cap established by the department, and submittal of a claim to the department for the cost in excess of that cost cap.

j. Failed to pay a financial penalty assessed under ch. NR 747 for a grossly ineligible cost.

13. If registered or certified under s. SPS 305.68 or subch. VIII, has performed any of the following:

a. Failed to maintain required records.

b. Denied the department access to requested records.

c. Failed to submit a required notice or report to the department, within a required time period.

d. Submitted false reports to the department.

e. Exhibited a pattern of submitting substantially inadequate reports.

14. If registered under s. SPS 305.31 as a dwelling contractor, has done or has been any of the following:

a. Failed to hold or to engage, as an employee, a person who holds a dwelling contractor qualifier certification under s. SPS 305.315 in obtaining a building permit.

b. Engaged in the construction of a dwelling without a uniform building permit when required under s. SPS 320.08.

c. Convicted of a crime related to the construction of a dwelling.

d. Adjudged bankrupt on 2 or more occasions.

(b) *Notice of denial, suspension or revocation.* Except as provided under s. 101.654 (4), Stats., relative to a dwelling contractor certification, and par. (c), a notice of denial, suspension, or revocation shall be sent to the applicant or the license, certification, registration, or enrollment holder. The notice shall include all of the following:

1. The basis for the denial, suspension or revocation, including the facts relied on by the department to make its decision and a citation of applicable statutes and administrative rules establishing the legal basis for the decision; and

2. A statement that the applicant or the license, certification, registration, or enrollment holder may file a request for an administrative hearing.

(c) *Summary suspension.* Under s. 227.51 (3), Stats., the department may summarily suspend any license, certification, registration, or enrollment if the department finds that immediate action is necessary for public health, safety, or welfare. The summary suspension of a license, certification, registration, or enrollment shall remain in effect until after a final decision is issued following a hearing.

(d) *Hearing.*

1. The request for an administrative hearing shall be received by the office of legal counsel of the department no later than 30 days following the date of mailing of the notice under par. (b), otherwise, the request for hearing shall be denied by the department.

Note: Requests for an administrative hearing may be mailed to the Department of Safety and Professional Services Legal Counsel, P.O. Box 7190, Madison, WI 53707-7190.

2. Hearings shall comply with the provisions of ch. 227, Stats.

(e) *Surrender of license, certification, registration, or enrollment.* A person whose license, certification, registration, or enrollment has been suspended or revoked shall surrender the license, certification, registration, or enrollment to the department upon request.

(f) *Reinstatement.*

1. Suspension.

a. A person whose license, certification, registration, or enrollment has been suspended may apply to have the license, certification, registration, or enrollment reissued only after the time set for suspension by the department or hearing examiner has passed and by complying with the conditions set forth in the suspension order.

b. The request to the department to have a suspended license, certification, registration, or enrollment reissued shall be made in writing.

c. The department may require a person whose license, certification, registration, or enrollment has been suspended to apply for the license, certification, registration, or enrollment by complying with all of the requirements for a new applicant, including paying the application fees and successfully passing an examination.

d. The department may impose conditions on the reissued license, certification, registration, or enrollment to assure compliance with this chapter.

2. Revocation. A person whose license, certification, registration, or enrollment has been revoked may not apply to receive such a license, certification, registration, or enrollment.

(2) Pursuant to s. 145.10, Stats., the department may suspend or revoke the license or registration of any master plumber, journeyman plumber, master plumber-restricted, journeyman plumber-restricted, utility contractor, or cross connection control tester in accordance with this subsection.

(a) *General.* The department may suspend or revoke a license or registration for any of the following reasons:

1. The practice of fraud or deceit in obtaining a license or registration.

2. Negligence, incompetence or misconduct in the practice or work allowed by the license or registration.

3. Failure to correct an installation for which the license or registration holder is responsible within the time prescribed by the department.

Note: Section 145.10 (1) (b), Stats., indicates that the correction of an installation must take place within 30 days following notification by the department of a violation.

4. Falsified information on an inspection form under s. 145.20 (5), Stats.

(b) *Investigations.* The department may conduct an investigation of any alleged violations of this chapter or chs. SPS 382 and 383. If it is determined that no further action is warranted, the department shall notify the persons affected. If the department determines that there is probable cause, it shall order a hearing and notify the persons affected.

(c) *Summary suspension.* Under s. 227.51 (3), Stats., the department may summarily suspend any license or registration if the department finds that immediate action is necessary for public health, safety or welfare. The summary suspension of a license or registration shall remain in effect until after a final decision is issued following a hearing.

(d) *Hearings.* The hearing for the suspension or revocation of a license or registration shall be conducted as a contested case hearing in accordance with ch. 227, Stats., and s. 145.10, Stats.

(e) *Findings.* The department may make findings and enter its order on the basis of the facts revealed by its investigation. Any findings as a result of petition or hearing shall be in writing and shall be binding unless appealed to the secretary.

1. Suspension. The period for suspension shall be determined by the hearing examiner or the department. The period for suspension may not exceed one year. A person whose license or registration has been suspended may apply to have the license or registration reinstated by filing a new application and payment of the appropriate fee specified in s. SPS 305.02.

2. Revocation. The period for revocation shall be determined by the hearing examiner or the department. The period for revocation shall not exceed one year. A person whose license or registration has been revoked shall be eligible for the license or registration only after the time set for revocation by department order has passed. A person whose license or registration has been revoked may apply to have the license or registration reinstated only after submitting a completed application for license or registration examination, if required, payment of the examination fee, passing of the examination and payment of the license or registration fee specified in s. SPS 305.02.

SPS 305.41 Electrical contractors.

(1) GENERAL.

(a) Pursuant to s. 101.862, Stats., no person or entity, as of April 1, 2014, may engage in the business or offer to engage in the business of installing, repairing, or maintaining electrical wiring unless the person or entity holds a license or certification issued by the department as a licensed electrical contractor, except as provided under s. 101.862 (4), Stats.

(b) For the purposes of this section, unexpired electrical contractor certifications issued prior to April 1, 2014, shall be considered licenses.

Note: 2007 Wisconsin Act 63 changed the nomenclature from electrical certifications to electrical licenses.

Note: Section 101.862 (4), Stats., exempts the following:

(a) A residential property owner who installs, repairs, or maintains electrical wiring on premises that the property owner owns and occupies as a residence, unless a license or registration issued by the department is required by local ordinance.

(am) A person engaged in installing electrical wiring within an existing industrial facility or existing manufacturing facility owned or leased by the person or by an entity for which the person is an agent or employee.

(b) A person engaged in maintaining or repairing electrical wiring within an existing facility or on premises owned or leased by the person or by an entity for which the person is an agent or employee.

(c) A person engaged in installing, repairing, or maintaining electrical wiring, apparatus, or equipment for elevators and escalators.

(d) A person engaged in installing, repairing, or maintaining equipment or systems that operate at 100 volts or less.

(e) A person engaged in installing, repairing, or maintaining an electronic system designed to monitor a premises for the presence of an emergency, to issue an alarm for an emergency, or to detect and summon aid for an emergency.

(f) A person engaged in installing, repairing, or maintaining electrical wiring of transmission facilities that support telecommunications service, as defined in s. 182.017 (1g) (cq), that is provided by a telecommunications provider, as defined in s. 196.01 (8p).

(g) A person engaged in installing, repairing, or maintaining manufactured equipment or utilization equipment, including ballasts, electric signs and luminaires, or any other manufactured system that is designed to provide a function that is not primarily electrical in nature if the installation, repair, or maintenance only involves the modification or installation of conductors beyond the disconnecting point or beyond the last junction, pull, or device box, whichever is nearer to the point where the person is performing the installation, repair, or maintenance that are considered part of the equipment or system under this paragraph. For purposes of this paragraph, any conductor going from the disconnecting point or the nearest junction, pull, or device box to the manufactured equipment or utilization equipment or the manufactured system is considered part of the equipment or system.

(h) A person engaged in installing electrical wiring for components of a manufactured home, as defined in s. 101.91 (2), or a manufactured building, as defined in s. 101.71 (6), while the manufactured home or the manufactured building is at or in the facility at which it is being manufactured.

(i) A person employed by an electricity provider, or a subcontractor of an electricity provider, who installs, repairs, or maintains electrical wiring for equipment that is installed in the normal course of providing utility services by the electricity provider.

(j) A person engaged in installing, repairing, or maintaining electrical wiring that provides lighting or signals for public thoroughfares and for public airports.

(k) A person engaged in installing, repairing, or maintaining electric lines on the utility side of substations and other distribution facilities owned or operated by customers or members of electricity providers.

(L) A person employed by an electricity provider, or a subcontractor of an electricity provider, who installs, repairs, or maintains primary voltage electric facilities that are owned by the electricity provider's customers or members and that operate at greater than 600 volts.

(m) A person employed by an electricity provider, or a subcontractor of an electricity provider, who restores service during an emergency.

(n) A person who installs a replacement for an existing switch or outlet if the replacement switch or outlet has a rating of not more than 20 amperes.

(p) A person engaged in installing, repairing, or maintaining a private on-site wastewater treatment system, as defined in s. 145.01 (12), if the activity only involves installing or modifying a conductor going from the system's junction, pull, or device box to the nearest disconnecting point and the conductor is buried with the system.

(q) A person engaged in installing, repairing, or maintaining a pump for a well if the activity only involves installing or modifying a conductor going from the pump's junction, pull, or device box to the nearest disconnecting point and the conductor is buried with the pump.

Note: As of April 1, 2014, the department will no longer issue or renew a certification for electrical contractor-restricted. The department will issue an electrical contractor license to those individuals who hold an electrical contractor-restricted certification prior to April 1, 2014. The issuance of the license will indicate the same expiration date as the current restricted-certification.

(2) APPLICATION FOR LICENSURE. A person applying for an electrical contractor license shall submit all of the following:

(a) An application in accordance with s. SPS 305.01.

(b) An application fee and a license fee in accordance with s. SPS 305.02, Table 305.02.

SPS 305.91 Master plumbers.

(1) GENERAL. A person may obtain a license as a licensed master plumber by taking and passing the master plumber license examination.

(2) APPLICATION FOR EXAMINATION. A person applying to take a master plumber license examination shall submit all of the following:

(a) An application in accordance with s. SPS 305.01.

(b) An application fee and examination fee in accordance with s. SPS 305.02, Table 305.02.

(3) QUALIFICATIONS FOR EXAMINATION. A person applying for a master plumber license examination shall have one of the following qualifications:

(a) At least 1,000 hours of plumbing-related work experience per year for at least 3 years as a licensed journeyman plumber.

(b) Graduated from an accredited engineering university or college with a degree in civil engineering, mechanical engineering or other approved engineering curriculum related to plumbing.

(4) EXAMINATION. A person seeking to obtain a master plumber license shall take and pass an examination in accordance with s. SPS 305.09.

Note: After December 31, 2001, the examination for a master plumber license will include questions relative to the design and installation of multipurpose piping systems.

(5) APPLICATION FOR LICENSE.

(a) Upon notification of the successful passage of the examination for a master plumber license, a person may obtain the license by submitting an application and the license fee in accordance with ss. SPS 305.01 and 305.09 (7) (c).

(b) A person may apply for a license as a licensed master plumber by submitting an application, application fee, and a license fee in accordance with ss. SPS 305.01 and 305.02, Table 305.02.

(6) RESPONSIBILITIES.

(a) A person who as a licensed master plumber is responsible for the installation or modification of plumbing shall utilize the appropriately licensed or registered persons to install or modify plumbing.

(b)

1. A person who has obtained his or her master plumber license prior to January 1, 2002 and who is responsible for the installation or modification of a multipurpose piping system shall have completed an approved course in the engineering principles and skills associated with the design, installation and maintenance of multipurpose piping systems prior to installing such a system.

2. A course to fulfill the obligation under subd. 1. shall be approved and conducted in accordance with s. SPS 305.08.

(c) For any plumbing installation that requires a uniform building permit under s. SPS 320.08, a person who holds a master plumber license may not commence installation of plumbing until a permit is issued for the installation.

Note: Chs. SPS 320 to 325 apply to one- and 2-family dwellings and manufactured dwellings. The department's uniform building permit is issued either by the municipality in which the dwelling is located or by a UDC inspection agency where the municipality does not administer the Uniform Dwelling Code.

(d) For any construction that involves installation or modification of a private onsite wastewater treatment system, a person who holds a master plumber license may not commence installation of plumbing until a sanitary permit is issued for the installation in accordance with s. SPS 383.21.

Note: Section 101.16 (4) (a), Stats., provides that: The person performing the work of installing equipment utilizing liquefied petroleum gas for fuel purposes shall furnish the user of the equipment a statement, the form of which shall be prescribed by the department showing the design, construction, location, and installation of the equipment conforms with the rules promulgated by the department under this section.

(7) EXCHANGES.

(a) A person who holds a master plumber license may, upon application to the department, exchange his or her master plumber license for a journeyman plumber license.

(b) A person who has exchanged his or her master plumber license for a journeyman plumber license may, upon application to the department, exchange his or her journeyman plumber license for a master plumber license provided:

1. The person holds a valid journeyman plumber license;

2. The person submits with the application a copy of his or her former master plumber license; and

3. The license fee for a master plumber specified in s. SPS 305.02, Table 305.02 is submitted.

(8) RENEWAL.

(a)

1. A person may renew his or her license as a master plumber.

2. A master plumber license shall be renewed in accordance with s. SPS 305.07.

(b)

1. The renewal of a license as a master plumber shall be contingent upon the master plumber obtaining at least 24 hours of acceptable continuing education prior to the expiration date of the license as specified in s. SPS 305.08 and Table 305.06, except as provided in subd. 2.

2.
